PALMM Home page – (http://palmm.fcla.edu/)
Publication of Archival, Library & Museum Materials (PALMM) is a cooperative initiative of the public universities of Florida to provide digital access to important source materials for research and scholarship. PALMM projects may involve a single university or may be collaborative efforts between a university and partners within or outside of the state university system. PALMM projects create high-quality virtual collections relevant to the students, research community and general citizenry of Florida.
